

Dance Promises Fun And Frolic For All Y-12ers Friday Night

6-10530

TAKING HOME THE ALUMINUM PICNIC TABLE is J. S. Tilley, winner of the April poster contest at left. Next is R. A. Walker, superintendent of Chemical Operations, giving the ice crusher to Mrs. J. N. Brewer, whose husband is in the General Machine Shop. At right is Burkett I. V. Bailey, Safety Engineer, in the Safety Department.

April Poster Contest Taken By Y-12's Tilley And Wife Of Machine Shopper With Fine Ideas

Mrs. J. N. Brewer, Oak Ridge, Takes Second Prize Of Ice Crusher For 'Rawhide' Safety Suggestion

J. S. Tilley, of Y-12's Product Processing, took first prize in the April safety poster contest with his excellent idea on "Read and Heed—Learn or Burn" poster. Mrs. J. N. Brewer, wife of a Y-12er in the General Machine Shop, won second prize with her "Raw-hide" idea . . . suggesting that Raw-hide be kept on T.V. not on you. Her poster depicted a sunbather, a careless person with fire, and an acid handler.

Frank Fuis Wins In Limerick Contest From Safety Council

No new-comer to winning safety prizes, Frank Fuis, Mechanical Engineering, has won the runner-up prize of one dollar in the limerick contest for March sponsored by the Industrial Supervisor magazine. The magazine is published monthly by the National Safety Council and enjoys wide circulation throughout the plant, issued by the Safety Department.

Frank Fuis

The limerick contest gives the first four lines, asking the contestants furnish only the final line. Fuis's last line follows in black type with the complete limerick:

"Do you preach safety rules you can break?
Then will workers say you are a fake?
What you say—what you do—
Will be judged by your crew
And they'll know by the show
that you make."

AEC Contracts In Tennessee Given For February, March

Tennessee firms received contracts or subcontracts totaling more than \$1,500,000 during February and March from the Atomic Energy Commission's Oak Ridge Operations and its principal contractors. The awards ranged from \$25,000 for crushed stone to \$202,500 for precision lathes. The total includes only contracts of \$25,000 or more.

UCC's Economy Looking Up Is Meeting Theme

Stockholders Informed Of Improving Activity

First-quarter sales and earnings of Union Carbide were below the first quarter of 1960, but March sales and earnings were considerably better than in January or February, Morse G. Dial, chairman and chief executive officer, told stockholders at the annual meeting recently.

Mr. Dial said: "To us it appears likely that the improvement in the economy will continue and become more vigorous as the year progresses. We are not anticipating any rapid increase of boom proportions, but rather a steady general improvement in industrial activity. Consequently, we are cautiously optimistic and expect satisfactory sales and earnings for the current year."

Sales for the first three months of 1961 amounted to \$364,929,000. Although they were eight per cent below record sales of \$395,302,000 a year ago, they were the second highest for any first quarter in the Corporation's history. Net income for the first quarter of 1961 was \$33,724,000, or \$1.12 a share. This was 20 per cent below net income for the first quarter in 1960, which was \$42,091,000, or \$1.40 a share, and was a record high first quarter. **Sales Triple Since 1946**

Birny Mason, Jr., president of UCC, told stockholders that the Corporation now finds itself in a position of consolidating rapid gains made over a period of many years. The president stated, "Since 1946 our sales have tripled, our earnings before income taxes have increased two and one-half times, and dollars paid out as dividends have increased almost four times at an average of 66 per cent of net income." He also pointed out that Carbide's research expenditures have been maintained at a high level—5.6 per cent of sales last year.

1.5 Billion Sales

"Union Carbide now has production facilities capable of producing two billion dollars worth of sales annually," Mason said. He stated that during 1960 as a result of the slowdown in business activity, schedules and budgets were adjusted to operate at approximately 75 per cent of this capacity. Despite this low operating level, however, the Corporation was able to achieve a slight increase in sales in 1960, and for the second straight year sales exceeded \$1,500,000,000. Although net income decreased eight per cent in 1960, earnings were nevertheless the second best in the Corporation's history.

Oak Ridge Receives May Assistance From AEC

The Atomic Energy Commission has paid \$224,000 to the city of Oak Ridge as assistance for the month of May. The May payment makes a total of \$1,286,300 thus far for 1961. Under Federal law, AEC is required to provide financial aid during the city's first 10 years of operation.

CHAMPION CREPE HANGERS FOR Y-12 is the decoration committee for the dance set for Friday, May 12. From left are Ann Rackley, Security; R. T. Cantrell, Recreation; E. R. Bentley, Safety; and Margaret Cook, Benefit Plans. The foursome will get the Starlight Room of the Oak Terrace in the proper setting for the spring shindig. Dancing is scheduled to get underway at 9 p.m.

Spring Hop Brings Dixielanders To Delight Dancers In Annual Celebration For Plant

Oak Terrace, Oak Ridge, Scene Of Yearly Traditional 'To-Do'; Tickets Now Available

Officially greeting the lazy days of Spring, Y-12ers are donning their prettiest frocks and slicking down their hair (depending, of course, on their sex, and the amount of hair left to slick down) for the fun and frolic expected at the annual Spring dance all set for Friday night at the Starlight Room of the Oak Terrace, Oak Ridge.

AEC Works Spend \$112,000,000 In '60 For Total Payroll

The Atomic Energy Commission's programs in Oak Ridge employed an average of 16,187 persons during 1960, for a total project payroll of about \$112,000,000.

The figures cover payrolls for the AEC and its contractors, including Union Carbide Corporation, Oak Ridge Institute of Nuclear Studies, Management Services, Inc., and the University of Tennessee.

Of the total, more than \$57,000,000 was paid to 8,572 persons living outside Oak Ridge. The largest number of off-area employees lived in the Knoxville section. A total of 3,088 Knoxville residents were paid \$21,500,000.

Those commuting to Oak Ridge jobs included 133 who lived more than 50 miles away.

AEC installations in Oak Ridge represent an investment of \$1,500,000,000, and range from large production plants to research, development and training facilities.

THE ERRING HUMAN

Safety authorities claim that more than 80 per cent of occupational accidents involve the human failure factor.

With a yellow and green color scheme in mind for the big ballroom, decorators will "plow out" tomorrow to put a touch of Spring in the ballroom. Industrial Relations "decorators" include Bob Cantrell, head of the Recreation Department; Ernie Bentley, from Safety; Margaret Cook, Benefit Plans; and Ann Rackley, Security. With a armload of staplers, scotch tape, and color streamers the committee was caught in the above photograph getting ready for their excursion.

The favorite Dixielanders, from Nashville, will be on hand for their seventh consecutive "hop" for Y-12ers. The genial Papa John Gordy, who died earlier this year, will be missed, but the orchestra is carrying on in show-business tradition, giving out with music sweet and swingy to suit any tastes.

Tickets will be available throughout the plant until late tomorrow, Thursday, May 11. They may be obtained from the following persons:

Fran Willie, Bldg. 9201-5.
Mildred Morris, Bldg. 9204-4.
Jackie Ward, Bldg. 9764.
Kathleen Milligan, Bldg. 9201-1.
Ann Rackley, Bldg. 9704-2.
Peggy Scott, Bldg. 9739.
T. R. Rucker, Bldg. 9201-4.
Charlie Gillihan, Bldg. 9706-1A.
J. P. Smith, Bldg. 9723-11A.
Verna Peckman, Bldg. 9711-5.
Mavis Koons, Bldg. 9706-2.

ENGAGEMENTS

Miss Sandra Lee Michaels

MICHAELS-POTTS

Mr. and Mrs. Loyd Michaels, 652 Robertsville Rd., Oak Ridge, announce the engagement of their daughter, Miss Sandra Lee Michaels to John Boyden Potts. The groom-to-be is the son of Mr. and Mrs. Guernsey Potts, Greenwood Dr., Clinton.

The wedding is planned for 11 a.m., June 6, at The Chapel on the Hill, with the Rev. Harley Patterson officiating.

The prospective bride is a graduate of Clinton High School, and the St. Mary's School of Nursing. She is employed as a nurse in the Medical Department in Y-12. Before coming to Y-12, she worked briefly at the Oak Ridge Hospital.

The fiancé is also a graduate of Clinton High School, and will graduate from East Tennessee State College, Johnson City, in June.

Get well wishes are extended the following Y-12 employees who were patients last week in the Oak Ridge Hospital:

William L. Coggins, Salvage; R. H. Bradshaw, General Machine Shop; George McNamee, Cafeteria; Amos L. Hensley, Machine Maintenance; William A. Norman, H. H. Bright and D. G. Lincoln, Sunflower Shop; E. J. Coffman, Special Mechanical Production; Woodrow W. Chase, Forming; J. S. Henley, Engineering Records; Kathryn Mills, Production Control; Fletcher DeFord and Warren Bass, Research Services; O. T. Dunlap, Area Five Maintenance; and Walter Rice, Special Testing.

A man may be on the right track but if he just stands there he probably will get run over.

The little character at the right is sniffin' a ramp . . . and speaking of ramps (who was?) Athala Markland did NOT go to the affair held at Cosby, nor is she married to a man named "Bill" . . . her spouse is named J. L. or "Jim" and is currently welcomed into the Y-12 Plant.

So with ramps and apologies out of the way, let's sniff around the grounds to see what everyone else is doing—starting with—

ENGINEERING

Industrial Engineering tells that F. M. Downs vacationed down in Florida . . . W. T. Jones took off to his home in Sweetwater trying to get all the jobs done on the list his wife made up for him . . . I. T. Littleton took off to help paint New York, N. Y. up properly . . . and R. W. Sweeney is sent get well wishes . . . while a welcome mat is rolled out for F. A. Pool, transferred from the Paducah plant.

It's learned from Instrument Engineering that Rasey Feezell, Al Norris and Al Stanton have all reverted back to their childhood—proof-positive is the go-cart race the three had recently. Incidentally, Stanton was the winner . . . not only did Al win, but all the group is happy to learn that the key he was looking for has now been found.

The Engineering Mechanics Department wishes to report that after several weeks of grinding, chipping, hammering, excavating, and recementing, there is now a new drinking fountain . . . costing the old budget a few dollars, and Gene Williams five cents . . . J. L. Grubb is vacationing in Knoxville, left word he plans to do a bit of fishing in local waters . . . C. B. Tolliver is motoring to Redstone Arsenal, Ala., for company business, while Jim Rhew is winging his way to Youngstown, Ohio.

Mechanical Engineering 'lows that Lil Higgins took off with the family to Panama City, Fla. . . . Ray Wagner is welcomed back after a siege with mumps, of all things . . . H. E. Neeley vacationed around the Powell grounds, fishing . . . J. D. West joined the "new pops" club when his little girl, Tamela Gale, put in her appearance at the Oak Ridge Hospital May 2, weighing five pounds, 12 ounces . . . he vacationed to get acquainted . . . Romeo Green's little girl is ill in Oak Ridge Hospital, and best wishes to her . . . Ben Hammer vacationed just loafing around Oak Ridge . . . Spence Ferguson honeymooned "sommers", nobody, of course knew where . . . and The Bulletin is still waiting for his wedding story . . . John Thomas vacationed in Florida, everybody thinks? . . . best wishes to Robert Hickey, Clara's husband, who is in the Rockwood Hospital . . . and an old friend in the ME's is leaving to Process Design . . . Tommy Swindell.

Real American enterprise is the art of making toeless shoes a fashion instead of a calamity.

MAINTENANCE

Research Services serves up the word that Dave Price is very proud of his new grand-daughter born recently . . . E. L. Pickard is welcomed warmly back after several months' illness . . . Sympathy is extended to A. M. Lowry in the recent death of his father-in-law . . . J. T. Calhoun and C. L. Nelson are doing a little farming and house repairing on their vacations.

From Salvage comes a scream . . . in last week's column W. L. Coggins' son appeared under Mechanical Operations, and the omission of Bill Coggins, Sr. grade as grand-pop got lost in type. Apologies to Bill and Grandpops everywhere.

Minnie Pearl says that marriage is like sitting in a steaming tub of water . . . after you get used to it, it ain't so hot!

FINANCE AND MATERIALS

Lucia Shults, Material Control, is spending her vacation gardening and visiting her mother in Easley, S. C. . . . and get well wishes are sent to W. C. Davis.

Property paid its respects in the form of farewells to Geraldine Watson last week, as she left to await the arrival of her first child. Jerry will be sorely missed around the Ad Building, and all good wishes go with her.

Betty Walter, Plant Records is vacationing at home in the Solway community getting her housecleaning done.

T. E. Hillard, Engineering Services, visiting in Jackson, Tenn., on his vacation.

Timekeeping keeps up with vacationing as L. F. Powell took off last week to stay at home in Rockwood.

And the entire F&M Division is happy to hear that Corum Scott, of F&M Administration, is out of the hospital and is coming along nicely.

The Traffic Department is mighty proud of J. K. Cox who has been informed that he has passed the examinations of the American Society of Traffic and Transportation, and is now a certified member of same. This is quite an accomplishment, inasmuch as there are only around 525 certified members in the whole 50 United States.

Just about the time you catch up with the Joneses, they refinance.

SHIFT SUPERINTENDENTS AND UTILITIES

Utilities sends condolences to J. B. Tallent's wife, whose grandmother died recently, also to R. E. Plemons in the death of his father-in-law . . . and get well wishes are sent up Paducah, Ky. way where J. R. DeMonbrun is confined with pneumonia . . . vacationers include A. H. Norman, B. L. Fain, T. R. Lester, J. L. Chapman, and J. B. Tallent all at home helping with spring cleaning, and hoping to get a little time for fishing . . . B. G. Dyer also vacationing in parts unknown . . . J. Y. Burchfield is visiting his father in Sevier County on his vacation.

Alfred Hitchcock says one thing money can't buy is youth, but it sure can make old age more comfortable.

TECHNICAL

Ceramics and Plastics Development group was the recipients of cigars and candy recently when John Napier celebrated the happy occasion when little John Mark Napier, 6-month old baby, came to reside at his home. Best wishes and congratulations to the three of them from all of Development.

Special Testing folks are talking about an ex-employee, Catherine McGinnis Dalton, who moved to Texas with Bob, her husband, who took a job with Carbide International. It seems Kitten and Bob have a new son born April 23, named Michael Davis. (Bob writes they have roaches in Texas as big as steers, and that he's down with housemaid's knee.)

Middle age is when you find
Continued on Page 4

CELEBRATING THEIR GOLDEN WEDDING ANNIVERSARY are Mr. and Mrs. C. N. Means, Norwood, Mo., with their children, Evan Means, of Y-12's Research Services, the Rev. N. L. Means, and Mrs. R. G. Ross. The children all came home to help their parents celebrate this special day.

Evan Means Visits Parents In Missouri For Golden Wedding

Evan Means, of Research Services, made a special effort to be home the week-end of April 15, 16. For on that Saturday his parents, Mr. and Mrs. C. N. Means, of Norwood, Mo., celebrated their golden

wedding anniversary.

The elder Means reported that it was a beautiful spring day in Springfield, Ill., when he left for the little town of Wayne City to marry Ida Ketchum on Easter Sunday. Fifty years later it snowed most of the day in Norwood, Mo., however.

A family dinner was held on the eve of the anniversary because Evan had to leave early in order to attend the eighth National Watershed Congress held in Tuscon, Arizona.

Means' father has recently completed 50 years in the printing and publishing business and still does job printing in a handset shop in his hometown in Missouri.

The Y-12er has a brother, the Rev. L. N. Means, of Weston, Mo., and a sister, Mrs. R. G. Ross, Bynumville, Mo. Another sister, Anna May died almost 20 years ago. All the living children attended the big event for their parents.

ORNL's Weinberg Is Named To Academy Of Sciences

Alvin M. Weinberg, Director of Oak Ridge National Laboratory, has been named a member of the National Academy of Sciences. The Academy, which was established by an Act of Congress and approved by Abraham Lincoln in 1863, had 615 members at the beginning of this fiscal year. This includes 65 foreign associates and 11 emeritus members.

Two other Oak Ridgers are members of the Academy, S. C. Lind, a consultant on the ORNL staff, and Alexander Hollander, ORNL director of the Biology Division in the Y-12 area.

Camera Club Sets Opening Class For Tomorrow Night

The beginner's course in photography promised by the Carbide Camera Club will hold its first session tomorrow night, Thursday, May 11, at 8 p.m. in the new offices in Cheyenne Hall, Oak Ridge.

Black and white film will be the topic of the first lesson held in the six-to-eight week course of instructions. There is no charge. A Carbide Camera Club card is the only admission required.

ley, pastor of the Grace Lutheran Church.

The couple are at home at 107 Euclid Circle, Oak Ridge.

No matter how much you nurse a grudge, it won't get better.

Mrs. Karl Z. Morgan, Jr.

MORGAN-IRWIN

The Grace Lutheran Church was the scene of the April 7 wedding of Rebecca Ann Irwin and Karl Z. Morgan, Jr.

The bride is the daughter of Mr. and Mrs. Howe H. Irwin, 127 Georgia Ave., Oak Ridge. The groom, who is in Y-12's Industrial Engineering, is the son of Mr. and Mrs. Karl Z. Morgan, 110 Plymouth Circle, Oak Ridge.

For her wedding the bride chose a floor-length embroidered nylon sheer dress with a scalloped Sabrina neckline, short sleeves, basque bodice, with a three-tiered skirt and a chapel train. Her veil was adorned with a queen's crown of gossamer net with sequins and twists of pearls. She carried a bouquet of pink sweetheart roses and a white orchid.

Her attendants were Misses Carolyn Ragan, maid-of-honor; Joan Morgan and Diana Morgan. Their matching dresses were aqua nylon marquisettes with pearl edgings. They carried pink carnations.

Attendants for the groom were Eric L. Morgan, best-man; Howe H. Irwin, Jr., and Jerry Stapleton, groomsmen.

Several out-of-town guests attended the wedding.

Music was provided by Faye Griggs organist and the rites were read by The Rev. James R. Crum-

O. F. JORDAN, UTILITIES TOTES THAT LOAD of fish he caught recently in the Gulf of Mexico waters off the Alabama coast. He and a bunch of Y-12ers took a long break recently to bring in the cobia, or ling fish, a species that grows mighty big in the Gulf waters. Other men who went along to share the cobia-catching were C. S. Jones, Zollie Kidwell, T. L. Gregory, "Oink" Birchfield from the Canteen Services; W. L. Wolfenbarger, W. G. Hatfield, Spud Atchley with his son Eddie, and Emmett L. Moore. Moore says they're not too much to eat, but are great sport to catch.

MORE COBIA CAUGHT BY SOME D SHIFTERS on a recent trip to the Gulf waters are proudly displayed by H. L. Wolfenbarger and Zollie Kidwell, kneeling in front, and holding a big one in back from left are C. S. Jones and O. F. Jordan. The gang captured over 400 pounds on their fourth annual trek down for the deep-sea fishing.

Will join car pool from 108 E. Malta Rd., Oak Ridge, to Central Portal, straight day. C. E. Helfenberger, plant phone 7673, home phone Oak Ridge 483-0169.

Will join car pool from Inskip area, Knoxville, to Bear Creek Portal, D Shift. V. D. Boyd, plant phone 7-8413, home phone Knoxville 689-4880.

Ride wanted from 410 Morelia Ave., Knoxville, to East Portal, straight day. E. J. Hickie, plant phone 7950, home phone Knoxville 522-3027.

Riders wanted from Karns, at the red light, to any portal, straight day. Jim Delaney, plant phone 7-8643, home phone Knoxville 588-1106.

Will join car pool from Audubon Rd. section, Oak Ridge to West or Bear Creek Portal,

Big Five, Not IBMs, Win C League Bowling Crown

Through error, the IBM's were pictured as winners of their league in last week's Bulletin. The Big Five took the league championship in the C League for Y-12 bowlers, by downing the IBM's Monday, April 24. The Big Five took the last half of league play, then went on to win the league championship from the IBM's who won the first half of C League play.

straight day. R. N. Wagner, plant phone 7776.

Car pool members wanted from vicinity of Broadway Shopping Center, Knoxville, to any portal, straight day. Jack Bounds, plant phone 7-8437, home phone Knoxville 525-5963.

EN GARDE, TOUCHE

The first state law ever passed against dueling was put on the books by Tennessee in 1801, providing the death penalty for such activities.

Ridge Linksmen Get Underway

Five Twosomes Take Full Counts In Opener

The Oak Ridge Golf League for Y-12ers got underway last week with five twosomes taking the full whitewash score of six points over their opponents. They were: Holzkecht-Peckman over Gregory-Kurtz; Stroud-Ebert over Dehoney-Knowles; Hines-Dorr over Boyd-Oliphant; Peterson-Presley over Belvin-Hopkins and Crow-Breman over Underwood-Earley. Five pointers were taken by Smith-Bartholomew over Crone-Douglas and Mitchel-Tibbatts over Hackett-Townsend. The Brown-Roberts two took four from Mee-McLendon, as did Andrews-Turner over Ratjen-Hoppe.

Carl Dorr and Paddy Peckman fired low scratch scores with 38 and 40 consecutively. John Gregory and George Mitchel were low handicappers with 33 and 36.

League standing follows:

Team	W	L
Holzkecht-Peckman	6	0
Stroud-Ebert	6	0
Hines-Dorr	6	0
Peterson-Presley	6	0
Crow-Breman	6	0
Smith-Bartholomew	5	1
Mitchel-Tibbatts	5	1
Brown-Roberts	4	2
Andrews-Turner	4	2
Mee-McLendon	2	4
Ratjen-Hoppe	2	4
Crone-Douglas	1	5
Hackett-Townsend	1	5
Gregory-Kurtz	0	6
Dehoney-Knowles	0	6
Boyd-Oliphant	0	6
Belvin-Hopkins	0	6
Underwood-Earley	0	6

Phillips-Leach Grab Early Whittles Lead

For the week ending April 30, the Whittles Golf League for Y-12ers three teams wielded the whitewash brush over their opponents. The Phillips-Leach duet topped the Kovach-Marrow two, Norris-Ruckart over George-Newman, and the Schappel brothers over Cunningham-Helton. Defeating opponents by two-and-one-half points were the Brown-Ratliff team over Hendrix-Parker; while two point wins were posted by Sawyer-Perry over Troutman-Galle, and Ball-Emery over Spradlin-Clabough.

Low single games were shot by Al Sawyer and Monte Brown with 38 and 39 consecutively. Brown tied with Merle Emery for low handicap game with 33. Al Sawyer and Tom Perry took scratch honors for the entire course with 80, while Merle Emery and Jim Ball took handicap score with a 69.

League standing follows:

Team	W	L
Phillips-Leach	6	0
Sawyer-Perry	5	1
Brown-Ratliff	4 1/2	1 1/2
Norris-Ruckart	4	2
Spradlin-Clabough	4	2
Schappel-Schappel	3	3
George-Newman	3	3
Hendrix-Parker	2 1/2	3 1/2
Ball-Emery	2	4
Troutman-Galle	1	5
Cunningham-Helton	1	5
Kovach-Marrow	0	6

Tennis League Will Be Formed Shortly

Netmen wishing to form a Y-12 Tennis League are urged to get out the old cat-guts and start cleaning them. A meeting will be called within the next few days for those wishing to participate in the tennis play for the summer.

Also, Recreation announces if enough interest is exhibited a Horseshoe League will be formed. This popular sport is having a revival in these parts. A few short decades ago it was the favorite pastime on Sunday afternoons in the mountains. (Editor's note: We're still waiting for horses to start pitching men's shoes!)

Harriman Linksmen Begin Separation Of Men From Boys

In the third match of the first half of league play the Harriman Carbide Golfers, during the week of April 24, started separating the men from the boys. The Hamill-Thomas, Willmarth - Scalf, Isham-Crass twosomes took full four counts over the Kidd-O'Keefe, Grimes-Cuneo, and Evans-Henck duos consecutively. In other action, the Buttram-Winters pair took three and one-half points from Franzreb-Warlick and Brown-Buttram took the same number from the Lynn-True two.

The low scratch score of the week saw a tie between Benny Crass and Bruce Isham with a low 39. A mad scramble ensued for low net score with five tying for the honors.

League standing follows:

Team	W	L
Brown-Buttram	11 1/2	1 1/2
Hamill-Thomas	11	1
Creswell-Winters	10	2
Lynn-True	8 1/2	3 1/2
Tilley-Willmarth	5	7
Cuneo-Grimes	4 1/2	7 1/2
Isham-Crass	4	8
Evans-Henck	4	8
Franzreb-Warlick	1	11
O'Keefe-Kidd	1/2	11 1/2

Turner-Patton Are Skeet Champions

Winners Of Both First And Second Half Loop

The final shoot of the Y-12 Skeet League was held Sunday, May 7, at the Oak Ridge Range. Jim Turner and Finis Patton, winners of the first half of the league, took honors in the second half also, becoming undisputed champions of the skeeters.

High single shooter of the second half was Fred Welfare with a 139 out of a possible 150. High handicap target score went to Jack Case with 152. Entire league, both first and second halves, saw a high scratch score of Fred Welfare, 269 out of 300, with Jim Turner in a shoot-off with Case with a 281.

Ed Bailey and Fred Welfare were runners-up in the second half, thanks to a forfeit from the White-Brewster team.

Final league standings follows:

Team	Score
Turner-Patton	288
Welfare-Bailey	286
Case-Hamby	281
McNabb-Montgomery	279
Patterson-Murray	234
Hopkins-Summerfeld	226
White-Brewster	142

WHALE'S BITE NOT SO BIG

The blue whale, largest creature that ever lived, feeds on tiny forms of animal and vegetable life, many of which are microscopic in size.

Ridge Is Site Of Golf Tourney

Next Match Is Chosen For Saturday, May 27

With the first successful Golf Tournament already past, plans are being laid for the second one, this time to be held at the Oak Ridge Country Club, Saturday, May 27, is announced by Recreation as the time of the next tournament.

Tee-off times will be assigned in the Recreation Office at 7:30 a.m., next Thursday, May 18. A single individual can request tee-offs for only one foursome. No telephone times may be assigned until all those attending the early morning sign-up time are given tee-off times.

The tournament will be held with the customary foursomes playing together. Green fee at the Oak Ridge course is \$3. The Ridge links is a 72-par course. Unusual interest was shown in the Maryville Tournament for Y-12ers, held Saturday, April 29.

Golfers wishing to participate in this tournament are urged to be present at the tee-off assignment in Room 149, Bldg. 9704-2, at 7:30 a.m. Thursday, May 18.

ORGDP Softballers To Join Y-12 League For Season's Play

The Recreation Department has announced that the eight Y-12 Slo Pitch Softball teams will combine with the teams from Oak Ridge Gaseous Diffusion Plant to make a 14-team league.

Play is scheduled to get underway shortly. Managers of teams will be contacted when equipment is ready to be picked up.

Meanwhile another Y-12 team has joined the forces—THE 9215-ers, a day shift team, with E. J. Delaney as manager. This brings the total of Y-12 teams to eight. Six teams are anticipated from ORGDP.

D Shift Sets Rodeo Tomorrow On Norris

The all-day affair to be held tomorrow, May 11 at the Andersonville Boat Dock has the D-Shifters busy with arrangements. The usual array of fishing prizes are being offered as prizes.

Launching of boats is free, and Y-12ers and their families are all welcomed to the Fishing Rodeo. The usual hours of 12:01 a.m. until 5 p.m. will be observed. With crappie running and stripes beginning to bite, the Norris Lake site is expected to be a busy place tomorrow for the D-Shift folks.

THIS MIGHTY STRING OF FISHES came from the backwaters of the Center Hill impoundment recently. M. N. Elam, Beta Four Heavy Machine Shop, with his friend Gus Testerman, from Oak Ridge Gaseous Diffusion Plant, holds up the 30 bass and six crappie pulled from the new impoundment waters in Middle Tennessee.

Liz Harris, Bldg. 9212.
Lewis Warren, Bldg. 9995.

For those failing to get advance tickets, there will be a ticket-seller at the door Friday night. Dancing gets underway at 9 p.m. and will continue until 1 a.m. The seats at the ballroom will go on the "first come-first served" basis.

Come on out to the dance and show off those latest dance steps, or join the majority of Y-12ers in the good-old two-step. If past dances are any indication, there may be a polka, tango, samba, or even a cha-cha or two thrown in for good measure and flavor.

Nuclear Power Is AIEE Theme May 11

The Local Section of the American Institute of Electrical Engineers are planning their annual meeting for tomorrow, Thursday, May 11, with dinner commencing at 7:00 p.m. at the Holiday Inn, Oak Ridge.

Featured speaker for the event will be C. F. Hochgesang, editor of Electrical World, whose sub-

Y-12er Estes Is New Treasurer Of TSJC

The Technical Societies' Joint Council of Oak Ridge, in its annual election Tuesday, May 2, named the following officers to serve the coming year:

Francois Kertesz, Oak Ridge National Laboratory, president; **Robert L. White**, UCN C Purchasing, Charlotte Hall, vice-president; **Clifford Burchsted**, ORNL, secretary; and **C. L. Estes**, from Y-12's Z Area and Dispatching, treasurer.

These officers succeed **R. M. Farnham**, **R. E. Cofield**, **L. T. Newman**, and **George Jameson** consecutively. Plans for the coming year were also discussed at the May meeting.

Chester Estes

ject will be "The Power Scene—Will It Shift Toward Nuclear?" Hochgesang is a former Oak Ridge and his remarks should be most interesting to the group.

All members and guests are invited to attend this annual meet.

Genius: A crackpot who makes a screwball idea work.

yourself using one bend-over to pick up two different things.

MECHANICAL OPERATIONS

Down in the Beta Four Heavy Machine Shop they're really getting a laugh out of this one. **Mildred Morris** sends it along. There's nothin' like wakin' up at 3:30 a.m. and hearing a clomp, clomp under your window, looking out and seeing not one but TWO fully grown elephants. It seems **A. G. Steele** did just that the other day. He lives on Kentucky Ave. in Oak Ridge, and he and his wife are justly proud of their lawn and shrubbery and flowers. When he saw the elephants he rushed to the phone and not knowing the usual procedure for reporting elephants in the yard dialed the operator and asked her what to do. She told him that 3:30 in the morning was no time for jokes on people and if he wouldn't hang up, she would dial the police. The cops suggested he go back to bed and "sleep it off," but an hour later he finally convinced everybody involved that he was not "in the sauce" and that truly there were two elephants meandering around his house. It all was resolved . . . the elephants had escaped from a local circus and if it is difficult to believe any of this, just call **F. E. Morgan** or **R. D. Reynolds**. So if you ever wake up and there's an elephant in your yard, call Steele; he'll know what to tell you . . . vacationers from Beta Four last week were **J. E. Blakney** and **Jerry Upchurch** . . . sympathy is extended to **Ed Costner** whose father-in-law died recently, in Knoxville . . . and from Beta Four comes another good 'un. It's a long way to the Cafeteria and a lot of the girls bring their own lunches. **Helen Long CLAIMS** she's on a diet, but other folks are wondering. She came in last week with her lunch in a supermarket bag. This bag was the size that is usually used for a week's supply of food for a family of six. In it was a full carton of cottage cheese, one large grapefruit, one jar of fruit cocktail, two large stalks of celery, two bunches of carrots, five boiled eggs, one jar of diet apricots and a jar of a well known liquid diet stuff. Man, are you glad you're underweight! Just carrying that much stuff would kill the heartiest of us.

The Alloy Shop folk are sending get well wishes to **R. E. McKinkins**, ill in the Baptist Hospital . . . **C. H. Parks** vacationed around his Lenoir City home . . . **D. T. Cook** vacationed around Clinton getting the vegetables ready in the garden with hopes to fill up the freezer later on this summer. Production Control is sending get well wishes to their raven-haired beauties, **Patty Matlock** and **Kathy Mills**, who recently had tonsilectomies . . . also to **Bob Hill's** wife who was hospitalized recently . . . and to **Eddie Maeyens'** misses who had to be in the hospital a second time recently after surgery the first time around . . . **Ernie** and **Edna Kennedy** recently journeyed to Bristol to help celebrate his mother's birthday . . . **Red Wiest** and family week-ended in the Smokies at Elkmont recently . . . **Bob Harris**, **Buddy Scott**, **Jim Crone**, **Ernie Kennedy** are still bragging about their golf scores in the Maryville tournament . . . **Ray Curtis** is running hard for mayor of Harriman, good luck, Ray . . . **Jim Cole** spent his vacation fishing . . . there's a certain Skye Terrier, who lives on Westland Drive in Concord with the **McCullum** family who has been feasting on chicken and noodles cooked especially for him. The reason? He's the best local dog in the Knoxville Dog Club Show.

It's vacations from Special Mechanical Production folks as **Jesse**

SAFETY POSTER AWARDS FOR MAY are displayed by Jeannette Akers, Special Projects, as she holds the extension lamp, second prize. On the table at her left is the food slicer, proved so popular in past poster contests. The theme of the current poster competition is "Self Analysis—In Respect to Safety."

April Contest

Continued From Page 1

ers to be used in August. It's almost like doing Christmas shopping over the Fourth of July holidays.

All employees in the Y-12 area (this includes Oak Ridge National Laboratory employees) and members of their family are eligible to enter the competition. Only previous winners, and members of the Safety Department are ineligible.

All entries in the contest become the property of the Safety Department and none can be returned to contestants. The staff of the Safety Department are the sole judges and their decisions will be final.

No particular artistic talent is required . . . sometimes an idea or written description of the desired artwork will suffice. The judging is done on the originality and adaptability to the subject for the month, and not on the person's artistic abilities.

An employee may submit as many entries in the contest as he desires. Each entry should bear the name of the employee, or relationship to an employee, department number, and building number.

Deadline for the May contest will be at 8:00 a.m. Thursday, June 1. All entries must either be postmarked or be in the Safety Office before that date. The Safety Office is located in Room 152, Bldg. 9704-2.

Johnston fished . . . **Homer Park** and **R. H. Wilkerson** from F-Area didn't say . . . from H-2 **E. V. Hawk** and **W. R. Harvey** . . . and on the sick list are **James P. Murray**, **Hiram Crutchfield**, and **E. J. Coffman**. Get well soon, men.

General Machine Shop personnel are all proud of America's new step into space, astronauts and all that . . . but they boast the only man in the world who has been up 6,000 feet in a sleeping bag—**O. K. Sergeant**, hiker ala gallant . . . **LaMoyné Richardson** is welcomed onto the ground . . . **Russell Hopper** says he caught ALL the big fish in Floriday recently . . . **Shortie Easterday** is still ill, and best wishes to him . . . vacationers this week just loafing around Anderson County are **Ed Collier**, **Chuck Borella**, who says he's going to do some remodeling, **S. T. Beaver**, **M. L. Smith**, **Earl Fritts**, and **R. E. Blank**.

That's all for now—come, and bring the chillun.

Y-12ers With 15, 10 Years Company Service

Congratulations to the following Y-12 employees who will enjoy 10 and 15 years Continuous Service in the next few days.

15 YEARS

Preston J. Conerly, Beta Two, May 14.

Charles R. Schmitt, Chemistry Development, May 15.

10 YEARS

Keith Eastridge, Research Service, May 10.

Lebron Valentine, Beta Four Heavy Machine Shop, May 10.

William Stooksbury, Beta Four Assembly and Forming, May 10.

Hubert F. Dick, General Machine Shop, May 11.

Robert L. Gilmore, General Machine Shop, May 12.

Judson E. Temple, Safety, May 14.

Reuben G. Carver, Guards, May 14.

William J. McPeters, Sunflower Shop, May 14.

Charles M. Knowles, Physical Testing, May 14.

Hardin S. Lane, Product Processing, May 14.

Denson Lay, Salvage, May 14.

Wesley E. Sorrell, Property Sales, May 14.

Ulysses H. Ingle, Area Five Maintenance, May 15.

Joe K. Raper, Z Area and Dispatching, May 15.

James L. Young, Sr., Product Processing, May 15.

Hallie S. Wade, Chemical, May 15.

Edward E. Bell, Alpha Four Cascade Operations, May 15.

James T. Berry, Beta Two, May 15.

Dorothy M. Tompkins, Receiving, May 16.

'Superconductivity' Topic Of Physics Division Talk

There will be no seminar in the Physics Division of Oak Ridge National Laboratory this Friday, May 12. The regularly scheduled seminar for the following Friday, May 19 at 3:15 p.m. will be on "Superconductivity in High Magnetic Fields," with the discussion being led by **J. E. Kunzler**, of Bell Telephone Laboratories.

The seminar will be held in the central auditorium of the 4500 building, and all interested technical personnel are invited.

A friend is someone who chalks your failures up to the law of averages.

TAKING AN ACTIVE PART IN THE Civil Defense test alert at Rockwood, April 28, was **M. L. Chandler**, of Process Maintenance. He is seen passing an alert order on to **Harry Seward**, of the employment office in Roane County. The unidentified secretaries in the background aided in the practice alert.

OAK RIDGE CIVIL DEFENSE DIRECTOR **D. W. Thomasson**, left, receives a message from **Fran Willie**, Project Engineering, in the local alert held the last week-end of April. Fran, who is Message Center Chief for the local Civil Defense offices, has been very active in the volunteer organization a long time.
